Hello Busy Bee Friends!

WELCOME TO THE START OF SUMMER! We couldn't be more excited about it here.

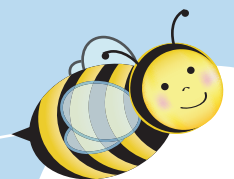

Summer means trips to the beach, get-togethers with family and friends, and days spent outside playing until dark. Summer can also be a great time for a family game night or to teach your child a new skill, like telling time or tying shoes. We have just the tools you need at Busy Bee Toys and new toys and games are arriving every day. We're so excited about them and you will be too once you see these entertaining toys, each made with your child in mind. Stop in for a day (or night) of family fun and see for yourself.

Fondly,
Nerice

New HABA Games.

Check out these German-manufactured games. Instructions are in English, Spanish, French and Italian. The pieces are wooden. The games couldn't be more fun.

- **Chaos im Kinderzimmer (Chaos in the kid's room):** Does this sound like your child's bedroom? Little Pixie Chaoty is responsible for the mess in this game. In this game of reactions, try to be the quickest to spot the missing objects. Ages 4-99.
- **Prinzessin Edelstein:** Does your little princess like to play games and dress up? This game is stored in a jewelry box with a mirror and a secret compartment. Collect gemstones from your princess crown and be the princess for the day! Ages 4-99.
- **Burg Ritter (Castle Knights):** Your brave knights must build a castle before the royal king returns. They must work together to finish their construction on time! Ages 4-99.

Make Room for Baby!

HABA has great toys for baby, too! You'll love "Casalino"—Four little houses with a neighborhood of surprises—they squeak, rattle and roll when your little one gives them a squeeze. The houses are also magnetic, so your baby can make his or her very own neighborhood. These sensory toys are great for developing cognitive and motor skills and encouraging independent play. We also carry a new line of wrist rattles in stock for sensory fun on the run!

A personalized baby blanket is another perfect gift for your wee one. Busy Bee Toys is now carrying these beautiful blankets by local company, Kid Creations. Come place your order today! They make great shower and new baby gifts!

Durable, Wooden Toys from Plan Toys

Your kids will love our new Plan Toys, including Balancing Monkeys, Peg Boards and Pounding Bench. You'll love the bright colors, beautifully-made wooden pieces and solid construction. These toys will last for generations.

Learning is Fun!

Encourage learning all summer with these fun, colorful toys. Teach time telling skills with the Voila Wooden Learning Clock and the Ravensburger "My First Clock" game. You'll also love the Voila "Mr. Tic Toc" puzzle. Help kids' pre-reading skills with the Ravensburger "Alphabet Zoop" game. We now carry a variety of Buki and Kumon workbooks for preschoolers and up. We love these collections of workbooks for teaching reading and writing skills and entertaining all at the same time!

Let's Pretend!

Play is a child's work and what do children love more than pretending to be adults. They'll be perfectly equipped with our new line of wooden toys from Estia, a German-based company. Teach life skills and encourage imaginary play with these beautiful toys. We're expecting a new shipment any day now. Come check out our wooden cash registers, food scales, pretend food, coffee pot, tea pot and cosmetic case. You'll have as much fun with these toys as your kids will!

Retro Toys: Old is New Again.

Remember all the great toys from when we were kids. Busy Bee Toys is proud to now carry the original and mini Etch-a-Sketch and the travel size Magnadoodle. Share your childhood memories with your kids with these tried and true, classic toys!
